FOURTEEN PAGES—FIVE CENTS

COMMUNIST LEADERS CONVICTED—Nine Communist Party leaders found guilty of conspiring to teach and advocate the violent overthrow of the U.S. government were sentenced in Federal Court at Philadelphia. Left to right: Sherman Lovacitz, Irvin Katz, Walter Lowenfels and Thomas Nabried. In the rear are: David Davis, Joseph Robert, Benjamin Weiss and Robert Klonsky. Four of the Reds received three year sentences and the other five got two years each.

Estimate One And One Half Million Have Quit Smoking

WASHINGTON (AP)—The government Tuesday made public an estimate that 1 1/2 million Americans who were cigarette smokers have quit smoking entirely within the last 18 months.

It estimated that 38 million others are regular cigarette smokers—25 million men and 13 million women.

The estimates were based on a sample of about 40,000 persons surveyed by the Census Bureau for the National Cancer Institute of the Public Health Service.

"The data will be of value to National Cancer Institute statisticians and physicians who are studying the incidence of cancer in the population—particularly lung cancer—in relationship to smoking habits," the Health Service's announcement said.

The 1 1/2 million persons believed to have stopped cigarette smoking in the past 18 months compares with 600,000 estimated to have quit in the previous year, from the fall of 1952 to the fall of 1953.

Officials said they did not have figures for the years before the fall of 1952. Thus there was no way of telling just how many of those who stopped smoking were influenced by the public discussion, under way for several years, as to a possible relation between

cigarettes and lung cancer. Officials said some of those who quit cigarettes may start smoking them again later.

The Health Service said a number of laboratory and field studies are under way by the Health Service and by other agencies and institutions with the aid of federal grants or other financial support.

The service said the survey figures were preliminary results based on interviews conducted early this year by census takers with both men and women over 17 years of age in the urban noninstitutional population. The study covered 230 areas consisting of about 450 counties scattered through all regions of the nation.

A report containing more detailed findings is to be ready some months from now.

Estimates based on the data thus far gave the following information

about smoking habits of Americans:

About four million of the men who are cigarette smokers consume less than half a pack a day; one-half million smoke more than two packs daily; the majority smoke 10 to 20 cigarettes a day. Two million others smoke cigarettes occasionally.

Two out of three men 25 to 64 years old in the total population smoke regularly in one form or another.

Nonfarm men are heavier smokers than those who live on farms and white men smoke more than nonwhites.

Two and a half million men smoke one or more cigars daily; 7 1/2 million smoke them occasionally.

Three and a half million men smoke a pipe regularly; 4 1/2 oc-

Largest U.S. Peacetime Overseas Movement Of Troops To Begin July 2

By ELTON C. FAY

WASHINGTON (AP)—The largest overseas Army movement in peacetime—ultimately involving Atlantic crossings for about 45,000 soldiers, wives and children—gets under way July 2.

Army officials explained Tuesday the first big scale rotation of forces, the simultaneous transfer of the 1st Division from Germany to Ft. Riley, Kan., and the 10th Division from Ft. Riley to Germany. It is "Operation Gyroscope."

Involved is a tremendous swapping operation. Many families of the 1st Division will leave homes, furnishings and possibly even pets for their opposites in the 10th Division to take over on arrival in Germany.

The soldiers of the infantry divisions will take with them only their rifles and clothing. Artillery, vehicles, supplies—all the tons of equipment of a division—will be left at Ft. Riley and in Germany, with the stenciled divisional insignia changed to fit the new users.

Operation Gyroscope is the Army's name for the plan to rotate units overseas in cycles averaging 32 months. Under that plan the 1st and 10th Divisions are "sister" organizations. They will continue to rotate between Germany and Ft. Riley.

Father Of Five Rejects Gamble, Accepts \$16,000

NEW YORK (AP)—Patrolman Redmond O'Hanlon bowed Tuesday night to what he called "a father's conservatism" and took \$16,000 TV prize money, rather than risk it in a try for \$32,000.

The handsome New York city police officer, who rolled up the \$16,000 with his knowledge of Shakespeare, made known his decision on the CBS TV program, "The \$64,000 Question."

He found himself, he said, in a dilemma of "the egotism of a scholar vs. the conservatism of the father of five children."

Had he gone ahead and missed the answer, he still would have had an expensive automobile as a consolation prize.

He was presented a check for \$16,000 amid applause from the studio audience.

Votes Down McCarthy's Conference Resolution

WASHINGTON (AP)—The Senate Foreign Relations Committee voted Tuesday night a resolution by Sen. McCarthy (R-Wis.) designed to force a discussion of the status of Russia's Iron Curtain satellites at the Big Four conference July 18.

The Senate may reject the resolution Wednesday.

The administration and Democratic and Republican leaders in the Senate joined forces against McCarthy on grounds the Senate has no business trying to dictate what must come up at the delicate "summit" meeting in Geneva.

The Democratic strategy was to bring his resolution to the floor with an adverse vote from the Foreign Relations Committee, then tap it on the head. That would scuttle any argument that the Senate didn't get a chance at it. The resolution would put the Senate on record as declaring Russia should agree in advance to discuss the satellite question at the forthcoming top-level conference.

Undersecretary of State Herbert

Hoover Jr., Senate Democratic Leader Lyndon Johnson of Texas, Republican Leader Knowland of California, and former Vice President Barkley (D-Ky.) took turns jumping on the McCarthy proposal.

Hoover testified that agreements already have been reached that the Big Four can call up "any subject" they believe contributes to world tension—with the idea of avoiding rows over "fixing a rigid agenda."

Some of the others used less restrained language. Johnson said the resolution would "place a loaded gun at the President's temple" and tell the world that Congress doesn't trust him and

Secretary of State Dulles, before.

NICE TRY, THOUGH . . .

VITA, Man. (AP)—A few enterprising students dashed into the shattered remains of the Vita school soon after a cyclone ripped this community last weekend to look for the test questions for this week's final examinations.

Teacher Jim Moran was a step ahead of them. He had removed the examination papers minutes before.

Says Big Four Will Discuss Any Cause Of World Tensions

WASHINGTON (AP)—Undersecretary of State Herbert Hoover Jr. said Tuesday the Big Four have agreed that "any subject" believed to be a "contributory cause of world tensions" may be brought up at the July 18 "summit" conference.

Hoover was before the Senate Foreign Relations Committee opposing a resolution by Sen. McCarthy (R-Wis.) which would declare it is the sense of the Senate that Russia must agree to discuss the question of the eastern European satellite nations at the forthcoming conference.

Hoover said in a prepared statement that President Eisenhower and Secretary of State Dulles, the latter now in San Francisco discussing arrangements for the conference, "are in complete sympathy with the ultimate humanitarian objectives of" the McCarthy resolution.

But he added that adoption of the proposal "or similar resolutions could suggest and might be misinterpreted as establishing preconditions to these important and delicate discussions."

Reports Stevens Has Resigned As Army Secretary

WASHINGTON (AP)—The Evening Star said Tuesday Robert T. Stevens has resigned as secretary of the Army, effective July 31.

The newspaper quoted informed Pentagon sources as saying Stevens, a principal in the Army's row last year with Sen. McCarthy (R-Wis.), was "leaving the government for numerous personal reasons."

The Star said the White House announcement of Stevens' resignation is being held up pending selection of a successor.

White House Press Secretary James C. Hagerty, asked about the report, replied:

"We have no resignation at the White House at all—oral or written."

Asked if he expected a Stevens resignation, Hagerty replied:

"I know of none."

Stevens, 55, was chairman of the board of J. P. Stevens & Co., one of the nation's biggest textile firms, when brought into the government after President Eisenhower's inauguration in 1953.

He was reported by the Star to be in Alabama Tuesday and unavailable for comment.

McCarthy was chairman of the Senate Investigations subcommittee when he clashed with Stevens and the Army late in 1953 over what McCarthy contended was the Army's laxness in getting rid of subversives.

Stevens defended the Army against the Wisconsin senator's accusations that the Army "codified Communists." The hearings in the spring of 1954 lasted 36 days.

Vermont Prepares Welcome For Ike On 1st 'Test Tour'

RUTLAND, Vt. (AP)—Agricultural Vermonters chopped down an elm tree and readied thousands of chickens for barbecue as they completed plans Tuesday night to welcome President Eisenhower.

Washington observers have described the presidential trip as first of a series of "test tours" from which may come a decision whether or not to seek a second term.

Wednesday afternoon the chief executive will fly into Rutland on the first stop of a six-day northern New England tour that will include several "off the cuff" talks, chats with Republican leaders, some golf and fishing.

The elm tree was cut down at the suggestion of Secret Service men who thought it presented a hazard. The tree, on the farm of Amherst Weeks, was about 1,000 feet from the end of Rutland Airport runway.

The 70-foot elm is gone and Weeks has an extra supply of firewood.

The chickens are being prepared for 11,000 persons who will jam Rutland fair grounds Wednesday afternoon and eat with the President.

GERTRUDE CROCKETT WINS DIVORCE; HER DAVEY WAS TOO WILD

DETROIT (AP)—Davey Crockett was divorced Tuesday.

Mrs. Gertrude Crockett, 39, won the uncontested decree after she testified her husband, David, deserted her 20 years ago. She said he beat her frequently in their three months of marriage.

"Was he the king of the wild frontier?" asked the judge.

"I don't know about being king," Mrs. Crockett said, "but he sure was wild."

Big 4 Ministers Finish 'Spadework' For Geneva

Accord On Procedure, Topics For Top Level Meet Virtually Assured

By FRANCIS W. CARPENTER

SAN FRANCISCO (AP) The Big Four foreign ministers appeared Tuesday to have completed arrangements for parleys of their chiefs of government in Geneva next month aimed at easing world tension.

Encouraged by this development, British Foreign Secretary Harold MacMillan appealed for a further easing of tension between the East and West. He was the first of the big power ministers to address the 10th anniversary session of the U.N.

Fresh encouragement was seen by U.N. delegates in a pronouncement in Moscow by Premier Bulganin. He pledged to do all possible to lower tension and instill confidence among nations at the Geneva conference.

This followed a similar commitment by President Eisenhower Monday in opening the San Francisco U. N. conference of 1955.

MacMillan met Monday night with Secretary of State John Foster Dulles of the United States, Foreign Minister Antoine Pinay of France, and Foreign Minister V. M. Molotov of the Soviet Union.

Comb Europe For 5 Who May Know Robbery Secrets

By STAN SWINTON

ROME (AP)—A vast manhunt spread over Western Europe Tuesday night for four men and a woman who may know secrets of the greatest robbery of cash from a bank in U. S. history.

Led by a fat New Yorker in a sailor sweater, they are lost among the carefree thousands of Americans holidaying in Europe.

The FBI remained silent in Washington, but it was on American request that word crackled out from Interpol, the nervecenter of international crime detection, to find and put under surveillance, but not to arrest:

Giuseppe Michael di Tacco, also known as John di Tacco, 37, a New Yorker.

John Timothy O'Connell, 35, of New York.

Daniel William MacGuire, 28, of New York.

Peter Jerome Kirdam, 34, of Manchester, England.

Janette Forest, 27, of Montreal, Canada.

They are suspected of complicity in the holdup of the Woodside, Queens, branch of the Chase Manhattan Bank last April 6. The robbers got away with a record haul of \$305,243 in cash. The district attorney of Queens said the men sought in Italy had been under surveillance and if they returned to the United States they would be questioned.

New York city police authorities insisted the group was not wanted, but Asst. Dist. Atty. Thomas P. Cullen of Queens said they had been investigated, but "they are practically cleared of suspicion."

Marie Remarries Man She Divorced; No Longer Allergic

HOLLYWOOD (AP)—Actress Marie "The Body" McDonald has remarried the shoe magnate she divorced because, she said, she was allergic to him.

Her mother, Mrs. Marie Tuboni, disclosed Tuesday Miss McDonald and wealthy shoe manufacturer Harry Karl were wed in Yuma, Ariz., about a week ago. Legal technicalities five times kept the headline-making pair from accomplishing this abroad in the month after their divorce.

Miss McDonald divorced Karl last Nov. 23 in Las Vegas, Nev., on grounds of mental cruelty. Twelve days later they arrived by plane in Paris with romantic plans for immediate remarriage. But legal technicalities blocked them.

Back here, the blonde beauty said early in January the remarriage plans were all off.

"When I am with Harry I get sick," she told an interviewer.

"When I am away from him I never get sick. That's the real reason for the breakup of our marriage and for our mutual decision not to reward as we had planned."

DIG THOSE REDS!

MOSCOW (AP)—Soviet scientists are embarked on one of their biggest archaeological years—nearly 1,000 archaeologists in 25 expeditions are digging all over the country.

Molotov was reported to have told the Western ministers that at first sight their proposals for the meeting were acceptable. He said he would have them translated and would turn in an answer without delay.

The Western Powers felt so certain of Soviet acceptance that they did not schedule another meeting of the foreign ministers in advance of the top-level meetings beginning in Geneva July 18. They will meet at various social functions and at the U. N. meetings before MacMillan departs Wednesday night but the spadework for the Geneva meetings appeared completed.

This means that President Eisenhower, who ranks the others as a head of state as well as chief of government, will preside at the first meeting in Geneva. Bulganin will preside at the end.

The chiefs will be seated in alphabetical order and they will arrange to restrict the meetings to four or six days.

Perhaps the most important agreement of all is that each chief of government will outline his views on the cause of world tension and what needs to be done about them. They do not hope to settle matters at this first brief meeting. They do hope to get the diplomatic machinery moving so their foreign ministers can carry on at more extended meetings. They are prepared to meet again later if it becomes necessary, it was reported.

While optimism was the keynote in San Francisco, Sir Winston Churchill said in London, "we must not count upon complete and immediate success" in the Geneva conference.

Whatever the outcome, Churchill said at the unveiling of a statue to him, "We must persevere in the maintenance of peace through strength."

This attitude agrees completely with that reported held by the United States, which is taking steps to maintain its position of strength while exploring diplomatic approaches to reduce tension.

States Russ Will Work To Ease International Tension At Conference

By STANLEY JOHNSON

MOSCOW (AP)—Premier Nikolai Bulganin declared Tuesday the Soviet Union will strive to reduce international tension and consolidate confidence among nations at the Big Four top-level conference next month.

He made the statement to 100,000 persons packing Dynamo Stadium to honor India's Prime Minister Nehru, who is winding up a two-week visit to Russia. Nehru announced earlier that Bulganin had accepted an invitation from him to visit India, perhaps next winter.

Bulganin devoted most of his speech to praise of Nehru and to measures he said the Soviet Union is taking to ease world tension. Among these he listed the forthcoming talks among himself, President Eisenhower, British Prime Minister Eden and French Premier Edgar Faure.

"The Soviet government has agreed to take part in the conference of the heads of government of the four powers which is scheduled to open in Geneva July 18," he said.

"The Soviet Union will strive there for a lessening of tension and a consolidation of confidence among nations, and the Soviet Union hopes that the other participants will strive toward the same ends."

Nehru was greeted with wild cheering, especially when he said that exclusion from the United Nations of "the great Chinese People's Republic (Red China) is not only an abnormal phenomenon, but also a danger to peace."

Nehru returned Tuesday from a tour of Russian industrial centers and farm areas. Before going to the Dynamo rally the Prime Minister resumed talks at the Kremlin with Bulganin, Communist party boss Nikita S. Khrushchev.

PROGRAM APPROVED

WASHINGTON (AP)—Legislation authorizing the Interior Department to continue its research in the development and use of saline water was passed Tuesday by the House and sent to the President.

The legislation authorizes the expenditure of \$10,000,000 over a 13-year period, to finance the program and requires coordination of the program with atomic energy and civil defense activities.

Answer To Blind Parents' Prayers: Girl Will Be OK

NEW YORK (AP)—The prayers of a blind father and mother apparently have been answered. Their little 3-year-old daughter, who serves as their eyes, is expected to get well.

The child, Rosemarie Marazoo, climbed out of her crib a week ago and tumbled five stories out the window of her apartment bedroom. She suffered a broken arm and leg and a fractured skull.

A hospital spokesman said Tuesday night Rosemarie is doing well and has been taken off the critical list. She can go home as soon as the bones knit, although that takes some weeks.

The plucky youngster was familiar in her neighborhood, leading her parents on errands. During the critical phase of her recovery, the mother and father prayed beside the child's hospital bed for her life.

Crew Of 3 Unhurt As \$3 Million B47 Cracks Up, Burns

ORLANDO, Fla. (AP)—A B47 jet bomber crash landed at Pinecastle Air Force Base Tuesday.

It burst into flames seconds after all three crewmen—Maj. J. H. Singleton, 35, Danville, Ill.; Capt. Leroy B. Robinson, 29, Many, La., and Capt. Gary Young Jr., 34, Evanston, Ill., got out unhurt.

The plane had taken off about four minutes earlier, developed trouble and in trying to get back on the ground its huge drag parachute turned inside out and shredded.

The plane hit the concrete runway and bounced at about 175 miles an hour. It finally landed about two miles away off the runway in sandy soil.

The three million dollar bomber was destroyed.

Blonde To Hang; Slew Lover In 'Jealous Fit'

By STANLEY GODFREY

LONDON — A beautiful platinum blonde, Mrs. Ruth Ellis, was sentenced Tuesday to hang for killing her lover because he jilted her.

She made but one defense in the dramatic trial: Jealousy had so worked on her mind that an emotional disturbance unseated her reason.

"I had a peculiar idea I wanted to kill him," Mrs. Ellis, 28, a well-known figure in Mayfair nightclub life, had told the jury.

She appeared unmoved as the jury of 10 men and two women filed in after 24 minutes of deliberation and found her guilty of the premeditated murder of David Blakely, 25, a racing motorist, outside a London tavern on Easter Sunday. She had pumped four bullets into his body. Two other bullets went wide, one hitting a passerby.

Mrs. Ellis, a divorcee with two children, is a onetime night club manageress.

If Mrs. Ellis hangs, she will be the 14th woman executed in Britain this century. In all but the most vicious of crimes, the home secretary usually reprieves women.

THREAT ON THE PERIMETER

For long years the name Afghanistan has been a symbol of things remote from American interest. But even this far-away land is caught up now in the maneuverings of the global strategists. Apparently no corner of the earth is exempt.

Why Afghanistan? It is a country about the size of Texas, largely agricultural, with no railroads, scant mineral resources, and little foreign trade. There are 12 million people.

The explanation for the strategists' interest in this arid, rocky Moslem nation lies in its geographic position. It sprawls for 770 miles from Iran on the west to Pakistan on the east. Pakistan also forms its southern border. On the north lies the Soviet Union, and a little sliver of Red China.

Pakistan is America's and the West's firmest friend in Asia. Middle Eastern Iran, after some troublesome years, is drawing back into the Western fold. But Afghanistan stands like a wedge between the two. In Communist hands, it would flank them both.

Russia is not blind to the fact. Right now it is helping the Afghanistan government improve its road system. A native trade delegation is in Moscow. A good many Soviet advisers are scattered about the country.

Worse still from the Western viewpoint, the Russians are taking the Afghanistan side in the country's sharp territorial dispute with Pakistan. The land in controversy is Pakistan's Northwestern Frontier province, including the famed Khyber pass, where British soldiers long stood guard.

Afghanistan wants this zone to be made an independent state, presumably under its influence, since it claims the tribesmen of the area as blood brothers.

If that were to occur, and Afghanistan were then to fall under Red domination, then communism would hold the Khyber pass, a broad highway of entry into the great Indian sub-continent.

Not only Pakistan but India as well would thereafter be in direct, serious peril of Communist encroachment.

If, meantime, the Reds should manage to gulp down the rest of Indo-China and smash through Thailand into India's eastern neighbor, Burma, the task of holding any important part of Asia for freedom would begin to look insuperable.

Things have not yet reached this dire state. But the United States and its friends cannot sit by while Russia reinforces its ties with the vital Afghanistan link in the chain of countries fringing the Soviet Union.

Great measures have been adopted in stretching the defense arc from Greece and Turkey across to Pakistan. It would be the height of folly if this effort were to be largely nullified by a powerful Soviet wedge into Afghanistan.

NEW YORK (AP)—What really does the most to lower efficiency in the average business office—girl watching or man watching?

Would you get more work done if every white collar man were forced to wear overalls and a Halloween mask on the job?

I raise these questions only because my earlier campaign to put the American working girl in bloomers has fallen flat.

Why the campaign? Well, a survey showed that on an average day American men were wasting 20 million hours of company time doing nothing but day dreaming over the charms of their pretty girl co-workers.

You'd think it would be the office girls who'd raise a howl against being compelled to wear bloomers. Not at all. Many of them were quite attracted to the thought. It was the men who yelped.

An office supervisor remarked: "You're putting the cart before the horse, son. There are more women than men in the average office today, and believe me most of them are man crazy."

"If men are wasting 20 million hours a day girl watching, then the girls themselves must be wasting 30 million working hours staring at the men in their offices. The real problem is how to make the white collar men less attractive."

I checked into this and—by golly—the supervisor was right. America's white collar men are getting downright irresistible. Every stenographer and secretary I talked to admitted of the record, of course that there was at least one man in her office she couldn't keep her mind and eyes from.

What about a standard uniform for men office workers then—overalls or Bermuda shorts, plus blinders or Halloween masks?

50 YEARS AGO

Chase Gibbs of Markham purchased a new rubber tired buggy from Becker & Oberbarte in Jacksonville.

Felix Farrell and Henry Wright started out the Mound Road to look at some cattle in Farrell's Winton automobile. The car stalled and George Wolke was called. He towed the disabled vehicle to Jacksonville using Art Masters' "Green Liz" to do the job.

The World Today

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—There was almost an exhilaration in those June days in 1945 at San Francisco when the United Nations was born. There was a sense of a new world born: a world of peace and brotherly cooperation.

The world of the U.N. is now 10 years old. It resembles very much the old world of hatreds, distrusts, wars and fears. Yet, while the U.N. has not worked perfectly, it has been useful.

This week its members' foreign ministers meet in San Francisco to celebrate the anniversary.

The U.N. is a meeting round for nations—a place where to some extent they can influence each other for good through the pressure of world opinion publicly expressed.

The U.N. has failed to produce, as was intended, an international armed force to prevent war. There have been more wars, some of which the U.N. helped settle, but no major war.

Some optimists believe a big war may be prevented as long as the nations can meet, if only to revile each other. But if a war begins, there would be no more U.N.

The U.N. has spread some feelings of cooperation and brotherhood through the health, education and agricultural programs of its various agencies.

It seems certain the world would be different if the United States, unable to depend on the U.N.'s nonexistent international army, had not gone outside the U.N. to protect itself.

That was done through the alliances this country made with its non-Communist friends in Europe and Asia. Russia also went outside the U.N. to make its Communist alliances.

In 1945 the Allies, in blood and mutual sacrifice, had won the Hitlerian war which ended in May. It did not seem far-fetched at the time to think they might, with less effort, stick together to keep peace.

The wishful may have thought so. The realistic kept their fingers crossed. No one at San Francisco was more realistic than the representatives of the United States and Russia.

They put the veto into the U.N. Charter, useful both as a fire escape and as a roadblock they could employ against each other when they wished.

Without the veto, a two-thirds vote of the U.N. members could have obligated them to act in a crucial situation contrary to their desires or their interests. Neither would take a chance on that. Russia, in fact, has used the veto 60 times to block what it didn't like, until now it has rendered the Security Council all but helpless whenever Russia wants to make it helpless.

And the United States, not knowing what the future held, wasn't giving the U.N. a blank check either. Both nations reserved the right to say no and block action on a major issue before the Security Council.

THOUGHTS

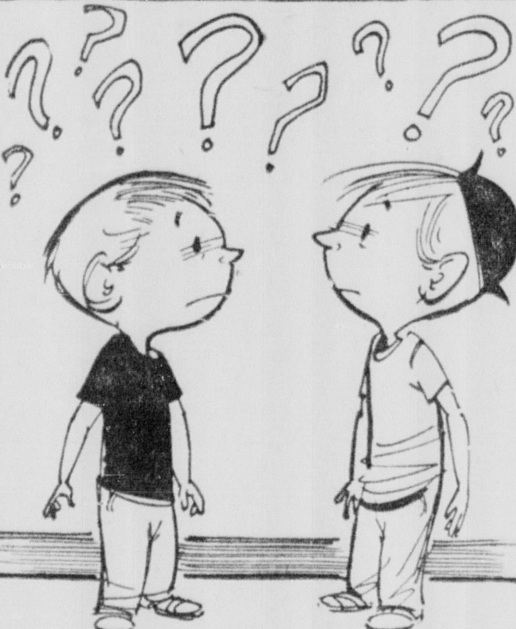

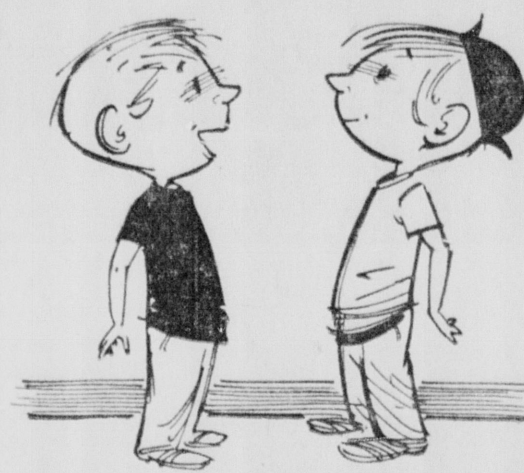

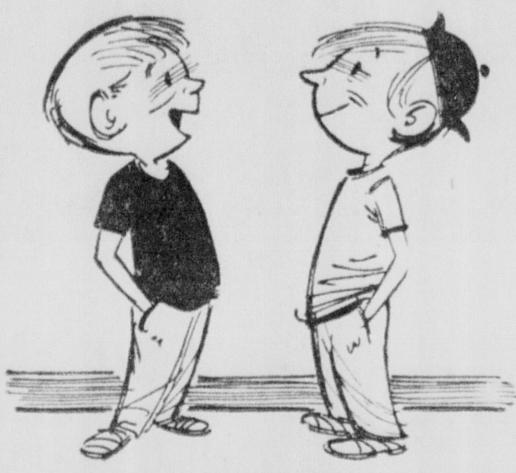

Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved.—Acts 4:12.

Happy those who are able in truth to say, "My Lord and my God!" Here is the true bond of union. Here is the noblest inspiration of life. Strength for work. Comfort in trouble. Hope in death.—Forsthe.

Self-Prescribing Iodine Tablets Is Risky Procedure

By EDWIN P. JORDAN, M.D.
Written for NEA Service

An important question comes from a reader who asks if it is O.K. to take iodine tablets without consulting a physician. Before discussing the subject of iodine and its relatives the "iodides" further, I should like to answer the question by saying that I do not consider it advisable.

Iodine is one of the chemical elements. To most people, it is perhaps best known in the form of tincture of iodine which is an antiseptic in use for many years. An iodide, of which there are several kinds, is a compound of iodine joined to something else.

Tincture of iodine is not taken internally but some of the iodides are.

Iodine or the iodides have certain definite medical uses, though there are still some serious gaps in our knowledge of their functions in the body.

Iodine preparations have long

had a use in certain forms of toxic goiter, particularly in preparing persons with this disease for operation. In some cases of asthma and indeed in some other disorders of the human body, iodides appear to have a beneficial effect, though the reasons why they do so are sometimes rather obscure.

Another use for the iodides has been their addition to salt in the prevention of simple enlargement of the thyroid gland (simple goiter) in those areas where the drinking water does not contain enough iodides.

There is no doubt that this has had a remarkably fine effect on cutting down the number of people with goitrous enlargements.

But iodine products taken internally may produce undesirable effects as well as desirable ones. Their continued use beyond a certain point (which varies from person to person) may result in irritation of the skin and mucous

membranes.

This may be shown by the appearance of skin rashes, inflamed eyes, running of the nose, laryngitis, and other unpleasant symptoms. It can even result in pimples, hives, or boils.

It has been reported that, if iodides are continued too long, anemia, mental depression, nervousness, sleeplessness, and the like may develop. In the presence of tuberculosis iodides may cause the disease to become active where it was apparently under control before.

FOR REASONS SUCH as these the taking of iodide tablets regularly, except where the amount is known to the physician and he can tell whether it is producing good or harm, would seem to be rather a risky procedure.

This brief discussion of iodine should not be ended without referring to the use of tincture of iodine on the skin. At least up to a few years ago—and perhaps today in some places—it is common practice to put tincture of iodine on almost any kind of skin disorder.

Although sometimes desirable, tincture of iodine can irritate the skin; a leading skin specialist once told me that he had about as much trouble trying to treat the skin of those who had treated themselves with tincture of iodine as he did with the original skin disease.

Fried Chicken and Cranberry Sauce Sure to Delight Men

FRIED CHICKEN, served with cranberry sauce, makes an ideal meal for a teen-age daughter to try.

By GAYNOR MADDOX

NEA Food and Markets Editor
About 68 million broiler-fryer chickens will be sold this month and at reasonable prices. Therefore, we consulted with Kathryn B. Niles of Chicago, author of "Food Preparation Recipes" and home economics director of the Poultry and Egg National Board. Her broiler-fryer recipes are outstanding.

She says fried chicken and cranberry sauce is a sure-fire hit with the men of the family. It's the kind of treat any teen-age daughter can prepare easily either on the range or in one of the new electric skillets.

Fried Chicken (4 to 5 servings)

One broiler-fryer, 2½ pounds, cut up; ¼ cup flour, 2 teaspoons salt, 2 teaspoons paprika; ¼ teaspoon ground pepper; ¼ cup fat, 2 tablespoons water.

Shake chicken, 2 or 3 pieces at a time, in a bag containing the flour, salt, paprika and pepper to coat evenly. Save any leftover flour for gravy. Brown slowly in medium hot fat in a skillet turning as necessary with kitchen tongs. When chicken is lightly browned, 15 to 20 minutes, reduce heat, add water, cover tight-

ly and cook slowly until fork-tender, 20 to 25 minutes. The liver and pre-cooked heart, gizzard and neck may be floured and browned with chicken the last 15 minutes. Uncover last 8 to 10 minutes to crisp skin. Note: If electric skillet is used, follow manufacturer's directions.

Sauce for Papa

One-quarter cup butter or margarine, 1 cup flour, 1 cup milk, 1 cup broth or bouillon, 1 tablespoon soy sauce, ¼ teaspoon ground pepper, 3 egg yolks, slightly beaten.

While chicken is frying, make sauce. Melt butter or margarine over low heat. Add flour and blend thoroughly. Add milk and broth, all at once. Stir constantly until sauce is uniformly thickened. Add soy sauce and pepper. Just before serving stir in egg yolks, stirring constantly. Heat 2 or 3 minutes to cook egg yolks, but do not allow sauce to boil. Blend with chicken (cooked fork tender) and drippings in the skillet. Serve promptly.

TOMORROW'S DINNER:

Fried chicken with cranberry sauce, whipped potatoes, buttered Lima beans, soft rolls, butter or margarine, cucumber salad, cherry pie, coffee, tea, milk.

Asks Segregation Issue Be Decided By City's Voters

ST. LOUIS (P)—The St. Louis Committee of the Board of Aldermen recommended today that the city's voters decide if racial discrimination is to be banned in St. Louis hotels, restaurants, theaters and similar establishments. The committee approved the bill to end segregation, with the amendment that the measure not take effect until it is ratified by voters in a regular election. The bill is expected to come before the full board Friday. Anton Niemeyer, a Democrat and committee chairman, said there probably will be opposition to the amendment at that time.

New President Names Garden Club Chairmen

Mrs. Vernon Scholfield as incoming president of the Morgan County Garden Club, called a special meeting of the Executive and Advisory Boards at her home, 900 S. Clay avenue, on Saturday afternoon, June 18th.

A few weeks ago Mrs. Scholfield had the Executive Board meet with her at which time the following chairmen for the coming year were named: Mrs. Loren Moody, auditing; Miss Emma Mae Leonard, civic beautification; Mrs. Claude Fanning, courtesy; Mrs. Earl Walters, decorating; Mrs. Charles Gibson of Franklin, finance; Mrs. Milton Stout, flower show; Mrs. Lyle Bates of Bluffs, horticulture; Mrs. George Hibbs of Ashland, literature; Mrs. Claude Jewsbury, luncheon; Mrs. Don Ransdall of Franklin, membership; Miss Charlotte Sieber, music; Mrs. Alvin Middendorf, plant exchange; Mrs. Eugene Dodsworth, press book; Mrs. E. W. Logue, program; Miss Louise Strandberg, publicity; Mrs. Roscoe Mawson, social; Mrs. D. L. Pierson, tickets; Mrs. Fred Carter, tours; Mrs. Mary B. Lowry, year book.

Nearly all of the chairmen were present at the Saturday meeting and co-chairmen were then selected together with additional members to serve on each of the committees. These names will appear in the new year book. It is urged that all chairmen get the names of their co-chairmen and other members of their respective committees to Mrs. Mary B. Lowry, at MacMurray College by July 15th, so the year book committee will have sufficient time to prepare it for issuance at the September meeting. Mrs. Scholfield plans to start the new year with an Anniversary Tea as the club will then be fifteen years old and further announcement concerning this will appear later in the summer. Plans were discussed for a series of lessons on some phase of gardening that would be of interest to most everyone and it is to be open to the public. Also at this meeting a vote was taken as to whether a small fee should be charged for guests in order to help defray expense. The majority were in favor.

Prior to the business session, and as the guests arrived, each were invited into the dining room to make a selection of a baby African Violet plant which Mrs. Scholfield had started from a leaf of her various beautiful selections. The guests were delighted with their baby plants and will be proud to tell about them in the fall and the coming year. Many thanks to Mrs. Scholfield for this unusual souvenir of the meeting.

During the social hour Mrs. Scholfield, assisted by the executive Board members, Mrs. Rex Ranson, Miss Gladys Howard and Miss Fern Haigh, served a refreshing fruit punch and home-made cookies. Mrs. Rex Ranson brought a beautiful arrangement of the white day lilies and red roses in a large, round low container which made an attractive piece for the mantle over the fireplace.

The meeting adjourned about 4:30. All chairmen felt that much was accomplished and look forward to this coming year's programs in the Garden Club. Mrs. Eugene Dodsworth stated that a time and place will be set for the annual picnic which is usually held in August. During the business session it was decided that the month of June, with its flowers all so fresh and in full bloom, would be a much nicer month than late in August, but a change in the date would not be effective until next year.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst
The Big Three will be in a position to give Premier Bulganin a hard time in at least one respect without half trying. They are reported to have arranged a topical division of the work among themselves, to avoid duplication. There are strong indications that unity on policy has made this possible. The United States could, for instance, present the entire allied view on the future of Germany. France might come up with the case for collective security in Europe, with Britain handling economics. Bulganin, on the other hand, being the sole spokesman for the Communist bloc, would have to spread himself over the whole field. Western observers are strongly of the opinion, also, that Bulganin will not always be able to speak with assurance before consulting with Communist party boss Nikita Khrushchev.

In other words, Bulganin may at any point be faced with the necessity of asking for time before discussing some allied position. This may be why the Russians objected to the original allied attempt, inspired primarily by President Eisenhower's desire not to stay away from his country too long, to limit the "summit" meeting to a few days. Bulganin, in his one public appearance in the West, his visit to Yugoslavia, did not impress observers with any fast footwork. His mentor, Khrushchev, gave indications that his personal habits are not always conducive to calm consideration of grave affairs. There may be intervals at Geneva when these factors stall the whole business.

The allied representatives will be further reinforced in their unity by pre-Geneva conferences with STICK TO BOWLS! ROSICLARE, Ill. (P)—Joe Scott Jr., 13, accidentally wounded himself with a .22 caliber pistol while engrossed in a search for arrowheads.

Flatt, R.R. 3, Carrollton; and Marilyn Kay Gust, daughter of Mr. and Mrs. Fred W. Gust, R.R. 2, Beardstown.

The following juniors have completed their course in pediatric nursing and will continue their studies at the Passavant hospital: Margaret Simmons, daughter of Mr. and Mrs. Ernest Simmons, R.R. 2, Roodhouse; Marvonne Weidner, daughter of Mr. and Mrs. Nelson Weidner, R.R. 2, Bunker Hill; Mary Frances Anderson, daughter of Mr. and Mrs. Carl D. Anderson, 1300 S. Clay, Jacksonville; and Sandra Bauer, daughter of Mr. and Mrs. Paul B. Bauer, 161 Tunison, White Hall.

Lectureship Is Presented To I. C.

At the regular meeting of the Board of Trustees of Illinois College presentation was made of the Hall-Kimber visiting lectureship in English, designed to bring to the campus for lecture and consultation each year a man of distinction in the world of letters, preferably a poet. The lectureship is the gift of Kimber Merker, of the class of 1955, and of Mrs. H. K. Merker of Great Neck, New York.

The lectureship is the second gift of this type to the college by the same family. The H. H. Hall prize in oratory was given to the college by Henry Hammond Hall, grandfather of Mrs. Merker.

Your Derby Car: Build It Yourself, Build It To Win

Box Derby experience, each boy should build to win. This should be kept in mind from the initial planning of the car to the finished product. After that, it is a matter of competition in driving. And in this competition a boy stands his best chance with a well-planned, well-built car under him.
First step in building should be a careful study of the rule book, word for word. After becoming familiar with the rules, a boy should plan his car on paper and make necessary changes until he is certain he has incorporated his best ideas into the design and construction of the racer.
Each boy must do all the work on his car himself. This excludes, of course, official wheel and axle sets, and ready-made steering assemblies. A contestant should not attempt to rebuild another boy's car. He should not allow an advisor to do any of the work.
Official inspectors will disqualify any car which, in their opinion, was not built by the boy who entered it.
A car must be built by the boy who drives it.
The Soap Box Derby was founded on the idea that each boy benefits by learning to work with his hands and by competing with other boys on an equal basis.
Build to the rules... Build to win... Finish the job.

EIGHTH BIRTHDAY CELEBRATED WITH CHILDREN'S PARTY

ROODHOUSE—Mrs. James Bandy entertained a group of children Thursday afternoon complimenting her daughter, Sharon Kay, on her eighth birthday anniversary. Prizes at games were awarded to Randy Day, Dennis Bennett, and Sheila Dodge.
Refreshments of cupcakes, ice cream, and punch were served, and each child was presented with favors of balloons and bubble gum.
Present were Carol Jean Day, Judy Smock, Christine Gilmore, Dennis Bennett, Donna Smith, Sheila Dodge, Sheri Prindle, David Manning, Judson Bruce, Randy Day, Steve Bandy, and the guest of honor, Sharon Kay. Also present were her uncle, David Israel, her aunt, Nancy Israel, and grandmother, Mrs. William Israel. Mrs. Bandy was assisted in serving by her mother and sister.

An Indiana study shows that 710,000 acres in that state have been adapted for use in subdivisions, industrial expansion and new roads, parks and airports in the past 10 years.

when you buy a home...
how can you tell what goes with it?

A LAWYER CAN TELL YOU. He'll answer all your questions. Do the garden tools go with the house? How about storm windows and screens? Is it true you get everything that's "fixed in place"?

The answer, of course, is "What does the law say?" And no one knows the law like a lawyer. Better than anyone else, he can see that you're treated fairly... that your rights are fully protected. He'll make certain the property you're buying is exactly as described... that you get everything you're entitled to.

Final step in wise buying:
a Chicago Title Guarantee Policy

Issued right here in town, this policy protects you against possible flaws in your real estate title. As your lawyer will tell you, some flaws can escape the most careful search—an error in a long-forgotten deed, confusion in names resulting from similarity in spelling, or even a forgery. Yet such things can arise even now to threaten your right of ownership.

Lucky then that you have a Chicago Title Guarantee Policy. The instant anyone attacks your title as guaranteed, Chicago Title and Trust Company engages local counsel in its defense... assumes all litigation costs... promptly settles any loss. Insist that the seller provide this policy; once you have it, there is no cost to keep it in force.

There's MORE financial strength behind this company's guarantee than with any other title protection available to you

New Floor Care Ends Waxing

One of the difficult jobs of house-keeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

NONPOLITICAL POLITICS

LINCOLN, Neb. (P) — Partisan politics crept into Nebraska's non-partisan Legislature when Gov. J. Hugo Aronson of Montana appear-

ed before the body.

In a brief address, Aronson noted he is only the third Republican to be elected governor of Montana. Silence greeted the comment. "Aren't there any Republicans in here?" asked Aronson.

Applause followed. Members of Nebraska's unicameral (one-house) Legislature are elected on non-political ballots.

The makers of **Super-Refined No-Nox**, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

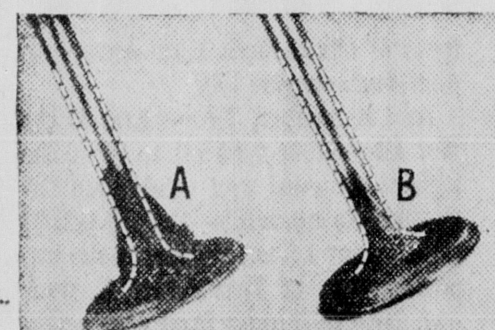

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

...the **only** motor oil in the world super-refined by the Alchlor Process for modern high-compression engines.

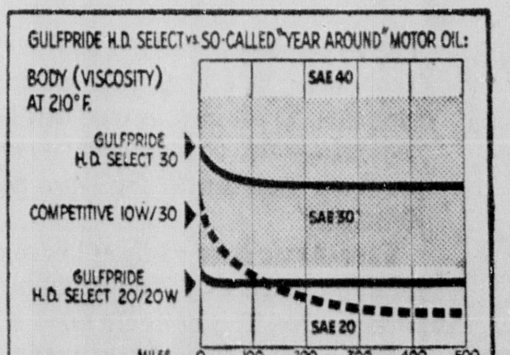

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

- **Controls carbon**—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- **Combats corrosive acids**, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- **Assures lower oil consumption** than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- **Provides the toughest protective film** ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

"Coked" valve "A" is from engine using a so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

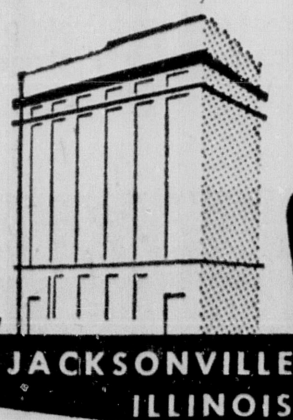

See how Gulfpride H.D. Select holds its "body" (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.

Death Has 3 Lives by Brett Halliday

XXVI

THE morgue attendant shuffled some cards on the desk. "You bet, Chief. Like I said, I've had two customers before Shayne and Rourke. Albert Jenkins, 1126 12th Street, Miami. And then there was a young lady. Came in just as I was bringing him back up. No luck for him. Or, maybe it was luck for him. He'd feared it was his daughter. Didn't get the young lady's name. Friend of Mr. Jenkins, I gathered, and come here for the same reason. She was standing here waiting to register, and soon's he saw her he went to her fast and grabbed her arm and said something like: 'No need for you to go through the ordeal of looking at her, my dear. Thank God, it isn't Helen.' Or something like that. Then he just hurried her out the door and that's the last I saw of them."

Shayne leaned forward with his palms flat on the desk and said harshly, "Describe the young lady."

"Well, I . . . She was right pretty, I noticed. Pert-looking. Maybe 25. Brown hair, I guess. She wasn't wearing any hat. Brown eyes, maybe. You know how it is." He extended both his palms. "Just saw her that one little minute before she went out."

"What was she wearing?" demanded Shayne hoarsely.

He held his breath while the attendant haltingly described the dark wool suit Shayne had last seen Lucy wearing, and a light wrap which he immediately recognized as hers.

Will Gentry tried to break in impatiently but Shayne silenced him with a savage gesture.

"This Jenkins! What did he look like?"

"Nothing particular. Sort of heavy-built and fiftish. Wearing a gray suit and gray hat pulled down so you couldn't see his face so good. Almighty worried, he was, about seeing whether she was his girl or not."

"Wait a minute, Will," Shayne's voice was like a whip-lash as he prevented the chief from speaking again. "Tell me this one thing. Any report from Miami Beach tonight about a man that might have been picked up on the Causeway after the car went over the edge?"

WILL GENTRY studied him curiously for a moment. "You mean the car that had the woman in the trunk? The one where you and Lucy just happened to be rowing out on the bay nearby when it occurred? The one that showed signs of some sort of explosive having gone off in the front seat? Just about the same amount of damage that might have been caused by that gas bomb you got Pete Fairwell to make up for you this evening?"

"All right," agreed Shayne grimly. "That one. Though I didn't know about the signs of an explosion."

"Why, yes," said Gentry, rocking back on his heels and taking a thick black cigar from his pocket while he studied the red-head intently. "My men did get a report that some passing motorist maybe picked up the driver and took him away from the scene before they got there. No one has come forward to verify the story. Can you?" He shot the two final words out like two rocks.

"Not personally. Tim Rourke got the story from his paper. I want to know one more thing, Will. Any slugging or anything like that reported on the Beach in the last hour?"

Will Gentry rolled the cigar slowly back and forth from one corner of his mouth to the other,

"his shrewd eyes hooded by wrinkled brows."

"As a matter-of-fact a man was picked up unconscious just beyond the end of the Causeway about 15 minutes after the sedan went over. Apparently slugged over the head and tossed out of a moving car. He was a citizen of Miami Beach who is supposed to have been driving home from Miami about that time. Any more questions you feel like asking right now, Mike? Or, is it my turn?" His voice was deceptively even and calm, but there was a note or iron in it that warned of thinning patience.

"I don't think I need to ask any more questions," said Shayne. He started out of the morgue fast.

Will Gentry jerked his coat open and drew a .38 from his shoulder holster. His voice was like ice as he ordered: "Halt! Shayne, I'll shoot if you go through that door."

THE gun remained steady in Gentry's hand. He jerked his head in a curt negative. "You're going to headquarters with me, Shayne. You and Tim Rourke both. When you've told me everything you know about this, the police will take over. Mike, I mean it."

"But Lucy . . ."

"Lucy Hamilton is a woman exactly like the one downstairs. Exactly like the one strangled on 18th Street tonight. We'll do exactly the same to protect her as we did to protect them."

"If you think I'm going to sit on my hands until Lucy's corpse turns up, you're crazy."

"You'll sit behind bars if you want it that way." Will Gentry's voice was inflexible and he made no move to holster his gun. "It's my own hunch that one or both of those other women would still be alive if you hadn't tried to play God tonight. If you hold out on us now, it'll be Lucy you're holding out on. I'm chief of police in Miami, and I'm still running my department the best I can with all the interference I get from smart private dicks."

Why Trop-Artic Cuts Oil Consumption

Ordinary oil that gets thin when it heats up may escape past the oil control rings and be burned away with the exploding gasoline.

Trop-Artic Oil resists thinning at high temperatures. It tends to stay below the control rings so it doesn't burn away!

IT'S PERFORMANCE THAT COUNTS!

There's one way to find out how much Trop-Artic will lower your oil consumption. Try it in your own car. It's performance that counts—and you can count on Trop-Artic for super performance!

Trop-Artic flows easily at low temperatures, and it resists thinning at high temperatures. This not only saves oil; it explains why Trop-Artic prevents wear so effectively. Compared to older

types of oils modern Trop-Artic can even double engine life.

And remember, Trop-Artic is the first all-weather type oil to meet the highest standard ever established for automobile motor oils—the Mil-0-2104 Supplement 1 Test. But prove the top performance of Trop-Artic in your own car. Get it today from your neighborhood Phillips 66 Dealer.

Transocean Tiff Boils Over Star's 'Nude Swim Scene'

By STAN SWINTON

ROME (AP) — A transatlantic squabble over nudity broke out Monday between Hollywood's shapely Rhonda Fleming and Italian moviemakers.

Rhonda touched off a fire as bright as her own red hair when an interview she gave AP reporter James Bacon in Hollywood hit the Italian headlines. Just back from five months of Italian movie making, she said:

"I play a nude swimming scene myself. I didn't worry about it because it was all shot just like we do in Hollywood."

"Everybody was barred from the set. The cameras were hidden behind some trees—at too great a distance to see anything. In fact everything was so far removed and so proper that I didn't even bother to wear the usual flesh-colored bathing suit."

Her director here, Carlo Ludovico Bragaglia, read that and blew up.

"Absolutely false," he said. "There was no such scene in the screenplay nor was one ever filmed. Her statement concerning the installment of movie cameras behind trees is pure fantasy."

A cable has been sent to Hollywood asking Miss Fleming to retract her statements or face legal action, said the director and the producers.

The picture—The Courtesan of Babylon—stars Rhonda in a series of scant costumes.

Arsenal Workers Would Remain In Event Of Attack

ROCK ISLAND, Ill. (AP) — An official of the Rock Island Arsenal said Monday that 6,500 men and women employed there will burrow underground rather than leave the arsenal if an enemy attacks suddenly.

Capt. Charles R. Fish of the Arsenal staff told a conference of Civil Defense leaders from the Quad Cities area that evacuation of the arsenal is considering a secondary move.

"With a short warning of impending attack, we plan to remain in the arsenal," he said. He added that "production of war material in the shops must not be curtailed in time of war."

The conference was called by Clemens Werner, Scott County (Iowa) Civil Defense director, to discuss a plan for evacuation of the arsenal, situated on an island in the Mississippi River, in the event of an enemy air raid.

W. B. Pettigrew, Battle Creek, Mich., administrator of the fourth region, Federal Civil Defense Agency, opposed Capt. Fish' argument. He said evacuation is considered the primary method of saving lives in an attack.

DON'T GO NEAR THE WATER!

EL PASO, Tex. (AP)—Now it comes out that one of the Southwest's favorite outdoor diversions is illegal, at least in this city. Ordinance No. 1 after the city's incorporation in 1873 — just brought to light — specifies that it is a misdemeanor for any person to wade, paddle, swim, dive or duck in the waters of any irrigation ditch within the city.

Pope Asks Movie Leaders To Ban Corrupt Films

VATICAN CITY (AP)—Pope Pius XII, in his first major address on motion pictures, today called upon "men of good will" in the giant industry to ban corrupt films.

The 79-year-old head of the Roman Catholic Church spoke to leaders of the industry in Italy, stars and starlets, writers and scene builders and shifters.

Together with pilgrims from various countries, including groups from France who came here for the beatification Sunday of 19 martyrs of the French Revolution, the Pope received them in a big general audience in St. Peter's basilica.

In all, about 10,000 persons were in the basilica. They cheered the Pontiff as he was brought in on his portable throne.

The Pope said that the watchfulness of public authorities over motion pictures is "fully justified by law to defend the common civil and moral heritage."

"It would certainly be desirable," he said, "if good men would agree in banning corrupt movies wherever they are shown, and to combat them with the legal and moral weapons at their disposal."

"Yet such action is not by itself enough."

The Pope then urged his listeners to reject whatever is "unworthy or evil . . . whatever debases human dignity, the individual and common good and especially our youth."

GODFREY RESIGNS NAVAL COMMISSION

WASHINGTON (AP)—A Navy spokesman says Arthur Godfrey has resigned his Navy commander's commission because he feels he can serve all the armed forces better by having no official tie with any of them.

The spokesman said Monday that was the reason given by the radio-television personality. Godfrey lost his Navy flying rating when he passed up the required periodical physical examination.

Man Drowns After Saving Boy

ROCK ISLAND, Ill. (AP)—Euthel M. Cook, 25, of Moline, drowned in the Illinois-Mississippi Canal Monday night after saving a young fishing companion who toppled into the water.

Cook, a laborer, and a cousin, 9-year-old David Darnall, Jr., of Moline, were fishing on the bank of the stream at nearby Milan when the boy fell into deep water.

Cook dove after Darnall and held the boy's head above water until two other fishermen arrived and pulled the boy to shore with the aid of a long pole. After releasing his grip on the boy, Cook sank from sight.

His body was recovered three hours later.

Overcome By Gas Fumes Of Motor In Cleaning Well

Chester Ray, 46, resident of Kane and a well cleaner, narrowly escaped death Tuesday morning when he was overcome by carbon monoxide gas while cleaning a well for a young man living at the residence where the well is located.

He was taken to the Jerseyville hospital where he regained consciousness soon and was considered in good condition.

The well had but six inches of water in it at the time. Mr. Ray was using a gas motor to clean the well when he was overcome. Greene county authorities were called to assist. He was taken to the hospital in an ambulance as a precaution.

Temple Bell To Go Back To Homeland

PASADENA, Calif. (AP)—A Japanese Temple bell—brought in the Pasadena City Hall after U. S. sailors "liberated" it in 1946—is going back to its homeland.

The 700-pound bell was taken from the 1,120-year-old Gochizan Soji temple in Tokyo by Buddhist priests, who donated it to their nation's war effort. Sailors on the cruiser Pasadena found it in a Japanese shipyard after VJ-Day.

Monday the Board of City Directors announced that the bell is being shipped back to the temple "in the interests of international good will."

Girl Released To Take School Exams

POUGHKEEPSIE, N. Y. (AP)—Jail doors have opened for a 17-year-old girl so she can take her high school final examinations.

Barbara Palmatier left her cell Monday in custody of High School Principal Max A. Reutenshan after the district attorney agreed that she be paroled to take her senior class tests.

The girl, member of an old Poughkeepsie family, was arrested last week in Miami, Fla., on warrant issued after she ran away with 25-year-old Joseph Lee Jr., of Highland, N. Y. She was charged with being a wayward minor and Lee with abduction.

SHOT BY 'OLD FRIEND'
FALL RIVER, Mass. (AP)—James Costa, 27, escaped a prison term because the man he was accused of shooting in the leg during a night club brawl "didn't want to see an old friend go behind bars." Counsel for Ernest P. Medeiros, 50, told the court Monday his client would be satisfied if Costa paid the medical expenses. Judge Charles A. Rome gave Costa a suspended 3 to 5 year prison sentence and placed him on probation.

ILLINOIS CENTENARIAN DIES
WATSEKA, Ill. (AP)—The oldest resident of Iroquois County, 104-year-old Mrs. Elizabeth Eyer, died Sunday night in St. Mary's Hospital at Kankakee, after a five-day illness.

Mrs. Eyer resided at Gilman, Iroquois County, for 64 years prior to her death. President Eisenhower sent birthday greetings to her on her 104th birthday.

The total number of immigrants to the United States before 1927 has been estimated at more than 37 million.

U.S. Air Force Academy Starts Training 300 Cadets At Lowry Base This Summer

DENVER (AP)—Under Colorado's blue skies, the U. S. Air Force Academy takes off this summer on its mission of training career officers for the nation's air arm.

The first class of 300 cadets—chosen from among 6,300 nominations—reports next month to Lowry Air Force Base here, temporary site for the academy.

"This will be the most select, highly qualified group of young men ever entered in any institution of higher learning in the United States," proudly declares Brig. Gen. Don Zimmerman, dean of faculty.

The cadets have passed rigid mental and physical tests. They have been found to be of "good character." None has been married. All are between 17 and 22 years old.

They are the beginning of a cadet wing that in about eight years will total 2,496—the number presently authorized by Congress.

The academy's operations will be steadily enlarged until it is producing 600 officers annually.

1st Presbyterian Elects 2 Officers At Special Meeting

First Presbyterian church elected two new officers at a special congregational meeting Sunday, June 19, at 10:50 a.m. Neil Simmons was elected to the session to fill the vacancy made when Dr. William K. Selden resigned because he is moving to Washington, D. C. Clyde Fitch was elected to the Board of Trustees to fill the vacancy caused by the death of Earl Tilton.

At the same meeting Miss Gertrude Ayers was elected to the Board of Governors of Passavant hospital, the vacancy here occurring because of the recent death of Mrs. Clarence Rice.

Other business conducted at this same time was brought before the congregation by Robert DuBois, chairman of the Finance Committee, who asked the congregation to authorize the Trustees to revise and bring up to date the handling of trust funds of the church which were formerly owned by the old State Street and Westminster congregations.

The Rev. Joseph W. Baus served as moderator of the congregational meeting, and LeeRoy Jackson, President of the Board of Trustees, presided over the corporation meeting.

TO SPEND SUMMER HERE
Mrs. Roberta Brickey and infant daughter, Diane, left Charleston, South Carolina, Sunday, June 19, enroute to Jacksonville to spend the summer with Mrs. Brickey's parents, Mr. and Mrs. Earl Hoelcher. Mr. Brickey is serving in the Navy and is stationed at the Minecraft Base in Charleston.

DECATUR VISITORS
Miss Nellie Greenwood has returned to her home in Decatur after visiting two weeks with relatives in Jacksonville.

WELCOME HOME
CORP LEE McDONALD
THE EX-KOREAN KID

The body will arrive Thursday afternoon aboard the G. M. and O. in Springfield and be taken to the Walnut Ridge cemetery in Virginia where graveside services will be conducted at 4 p.m. daylight time by Rev. E. M. McGeehe, Virginia Presbyterian pastor. The Gillham funeral home of Jacksonville will be in charge of the arrangements.

Funeral services will be held at 2 p.m. Wednesday at the Hahn-Cook funeral home in Oklahoma City, Okla.

IN CASE HE FORGOT—No question about who welcomed Cpl. Lee C. McDonald back home from the Far East. His parents, sisters, girl friend and assorted cousins were on hand—with a reception carus—when the soldier arrived in Seattle, Wash., aboard the Navy transport Marine Serpent.

Lt. Gen. Hubert R. Harmon, 62, superintendent of the academy, says the Air Force hopes the academy "will be the motivation for a lifetime career in the Air Force." The academy was founded Harmon said, with the aim of providing the Air Force with "a hard core of professional officers."

Establishment of the academy follows recommendations of an Air Force Academy Planning Board appointed Aug. 16, 1948 to investigate the need for a third service academy. Congress authorized the academy in 1954 and appropriated 126 million dollars for its establishment.

One million dollars was spent to rehabilitate buildings and construct additional facilities at Lowry for temporary use until the academy's permanent home seven miles north of Colorado Springs is ready in the fall of 1957.

Fifty-eight million dollars will be spent on the construction of the academy. Flying facilities at the academy will require another 31 million dollars. The other 36 million dollars will go to the Air Force says, "for support elements for the entire operation."

Construction started this spring on the permanent buildings on the site near Colorado Springs. This 17,500 acre tract hugs the foothills of the Rocky Mountains. The western edge is bordered by the Ramapark Range, which rises 7,000 feet above the academy area. The altitude of the site ranges from 6,235 feet to 7,900 feet above sea level. Five streams wind through the grounds.

A complete community is being created for the academy. It will be a city of 8,000 to 10,000 inhabitants with a college, an Air Force base and a military training and maneuver area. There will be business offices comparable to a major command.

The academy's program will be similar in some respects to that of the U.S. Military Academy at West Point, and the U.S. Naval Academy at Annapolis. Staff and faculty of both cooperated in planning the Air Force institution.

Harmon described the curriculum as "evenly divided between technical or scientific courses and what are referred to as the social-humanities group. All of our technical courses are directed toward aeronautical engineering."

There are two major phases to the academy's program: (1) airmanship under the direction of the commandant of cadets, Col. Robert M. Stillman, and (2) academic under the supervision of the dean of faculty, Gen. Zimmerman.

Stillman says the airmanship program will train the cadet in piloting of light aircraft, in the composition, administration and control of military forces.

Cadets will receive navigation training on the ground and in the air during four years at the academy. Full scale pilot training in the Air Training Command follows graduation.

Auxiliary Unit Of Moss-Walton To Name Officers
The Moss-Walton American Legion Auxiliary unit 953 met recently at the home of Mrs. Essie Jackson with the president, Mrs. Louisa Wright Bundy, in charge.

Minutes were read by the secretary, Miss Delores Brown. The treasurer's report was made by Mrs. Cornelia Carter.

Post commander Fred Davis was present at the meeting. The sum of twenty dollars was voted to the Post to help on current expenses. The president appointed Mrs. Bernice Williams, Mrs. Ada Linzy and Mrs. Cornelia Carter as a nominating committee. An election of officers will be held at the Post home on Anna street Thursday evening at 8 p.m. on June 23. All members are asked to be present.

PRAYERS BY PHONE
SCARSDALE, N. Y. (AP)—A church in this New York City suburb has been doing a terrific phone business lately. The reason—a device which plays a recorded one-minute prayer for those who phone.

The device was installed at the Hitchcock Memorial Church, a community congregation, on June 7. Since then parishioners have rung for the prayer on an average of 700 times daily, and at all hours. Prayers are changed twice each day.

LION CUB FOR CHURCHILL

Miserly In Life, Recluse Proves Generous In Death

DOUGLAS, Isle of Man (AP)—Ellen Cubbin was a rich recluse. People called her a miser.

She died at 80, leaving an estate worth 850,000 pounds (\$2,380,000). And this is how she distributed the money:

40,000 pounds (\$112,000), four houses and a small castle to her nurse, Jimima Campbell.

10,000 pounds (\$26,000) to John Symonds, skipper of her 800-ton yacht.

The yacht itself to an orphanage along with 70,000 pounds (\$196,000) to help train boys for the sea.

Her 15-room mansion to the city of Liverpool along with 80,000 pounds (\$224,000) to make it a holiday home for children.

100,000 pounds (\$280,000), to buy four lifeboats and a fire engine for the Isle of Man.

The rest will be split among friends and more than a score of charities—churches, museums and societies protecting children and animals.

All the bequests carry one condition: they must commemorate the name of her son Robert Colby Cubbin. He died two years ago at 47.

"A lot of unkind things were said about her," said nurse Campbell today. "People called her a miser. But she was one of the most generous women in the world. She gave away thousands of pounds before her death. And she always gave it anonymously."

Bill Sets Up New Plan For Naming Of Committeemen

SPRINGFIELD, Ill. (AP)—The Illinois House today passed a bill setting up a new and temporary arrangement for naming senatorial and representative committeemen because of legislative reapportionment.

The function of the representative committees will be to determine the number of candidates each party nominates for the House and also to fill vacancies. The Senate committee's duty will be to fill vacancies.

A change in the law as required because of the new reapportioning plan redrawing districts from which the lawmakers are elected.

The bill, which goes to the Senate, provides that for the primary next April, the senatorial and representative committees downstate will be composed of chairmen of county party central committees. In one-county districts, the committee chairmen and two appointees will make up the senatorial and representative committees.

After the April primary, the old system of electing the committees will be reinstated.

In Chicago and Cook County, the temporary arrangement calls for ward and township committeemen to function as the senatorial and representative committees before next year's primary.

"IKE" TO UN MEETING—President Eisenhower was greeted by San Francisco Mayor Elmer Robinson, right, on arrival to open the tenth anniversary session of the United Nations. State Secretary John Foster Dulles is in the background. Addressing the anniversary meeting Mr. Eisenhower said: "We shall work with all others . . . so that peaceful and reasonable negotiations may replace the clash of the battlefield."

Nine Philadelphia Area Reds Get 2-3 Years For Acts

PHILADELPHIA (AP)—U. S. District Judge J. Cullen Ganev Monday sentenced nine Philadelphia area Communists to two to three years in jail for violation of the Smith Act. This law makes it a crime to teach or advocate the overthrow of the government.

Sentenced to three years were Joseph Kuzma, 31; David Dubensky, 46 (also known as Dave Davis); Thomas Nabried, 51, all of Philadelphia, and Sam Gobeloff, 44, (also known as Joseph Roberts) Camden, N.J.

Sherman H. Labovitz, 29; Walter Lowenfels, 56; Irving Katz, 35; Robert Klonsky, 35, and Benjamin Weiss, 39, all of Philadelphia, were given two year sentences.

Judge Ganev, who had refused the defendants a new trial last week, rejected pleas for freedom on bail pending appeals and ordered them to jail.

ILDA HOPKINS ROSE, FORMER ROODHOUSE RESIDENT, TO WED

ROODHOUSE — Announcement has been received here of the approaching marriage of Mrs. Ilda Hopkins Rose of Shawnee, Okla., and James Cook of San Antonio, Tex., on Saturday, June 25, at the home of her sister, Mrs. Elmer Peetree in Edmond. They will reside on their farm near San Antonio. Open house will be held the Sunday following the marriage in the home of another sister, Mrs. Almus Gray, Shawnee. Mrs. Rose resided in White Hall when a young girl, and is well-known in Roodhouse where she has visited recently.

AMOMA CLASS POTLUCK AT WILDERS JUNE 23

The Amoma class of the First Baptist church will have its quarterly potluck luncheon at 12:30 p.m. Thursday, June 23, at the home of Mrs. F. L. Wilder, 1443 South Main street. Members are asked to note the change of meeting place and the hostesses. Those attending are to take penny-a-meal-banks, table service and a covered dish.

AT GREENWOOD HOME

Mr. and Mrs. Joseph Jolicoeur and children, Mary K. Crotty, Theresa Crotty and Johnnie Crotty, are visiting here with Mr. and Mrs. Edward Greenwood. On Wednesday they will go to Springfield to visit Mrs. Jolicoeur's parents, Mr. and Mrs. Floyd Rust. Mrs. Jolicoeur attended the local high school. The family will return to Michigan on Sunday.

LEAVE HOSPITAL AFTER EMERGENCY TREATMENT

Jesse Daniels, 55, and his seven year old grandson, Larry Weddle, both of Cordova, Ala., were able to leave Our Saviour's hospital Monday afternoon after receiving emergency treatment. They suffered abrasions and bruises in a traffic accident at South Main street and Morton avenue, involving four cars.

MAY, DECEMBER ON HONEYMOON

PONTRESINA, Switzerland (AP)—Count Aubry William Tealdi, wealthy 75-year-old Italian, has arrived in this mountain resort with his 14-year-old bride, Princess Lidia Maria Antonia Caracciolo di Torello. The couple were married in a secret night ceremony at Lucca, Italy, last week.

BANS NECKING IN CHURCH

LLANDYSILLO, Wales (AP)—The Rev. Noel Williams told his young parishioners today to cut out the necking in church.

Said the vicar, writing in his parish magazine: "The church was not built for necking. Couples have been found there courting. They should have more respect for the house of God."

LAND PURCHASED FOR \$160 BRINGS \$28,800

OTTAWA, Ill. (AP)—Eighty acres of LaSalle County land bought by a Methodist preacher from the U.S. government in 1940 for \$160, was sold here last week for \$28,800 or \$360 an acre. The original purchaser paid \$2 an acre.

The land was sold at auction to settle the estate of the late Robert Carr, an Ottawa attorney and grandson of the Rev. Robert Carr who purchased the tract 115 years ago. The buyer was Robert Carr Jr., also an attorney, and great grandson of the original purchaser.

CUT ELM ON FARM TO INSURE SAFE LANDING FOR IKE

RUTLAND, Vt. (AP)—Secret service men—in advance of President Eisenhower's visit here Wednesday—said a 70-foot elm on the farm of Amherst Weeks was too near a Rutland airport runway.

Weeks was very nice about it, said airport commission chairman Albert Cree. He wanted only a chance to cut the grass under the tree and to have the brush hauled away.

So they cut down the old elm. "I'll keep it for firewood," said Weeks.

VIOLENCE FLARES IN CYPRUS

NICOSIA, Cyprus (AP)—Violence flared on this British-ruled Mediterranean island again Monday night as terrorists seeking union with Greece launched a series of bomb attacks. Two persons were injured.

Cypriots of Greek descent, who constitute a majority of the island's population, have been agitating for independence and the right to unite with Greece.

Moore Continues 2-1 Favorite Over Olson In Tonight's Battle

Pacific Coast Defeats Big 10 In Annual Meet

By JACK HAND
NEW YORK (AP)—Ancient Archie Moore is expected to shatter Bobo Olson's dreams of becoming a super-champion Wednesday night on the old ring adage that a "good big man beats a good little man." Moore's punching power and ring savvy are given the edge over Olson's persistent attack.

Unless Archie has unexpected trouble making the 175-pound limit for the fourth defense of his crown, the odds against Olson, the middleweight champion, may soar over the 2-1 figure.

The weigh-in for the 15-round match, scheduled for noon in Madison Square Garden, may tell the story of the fight to be expected Wednesday night at the Polo Grounds.

If Moore makes it with ease, say, at about 173, he'll gain added support. If Archie has to sweat it off during a two-hour period of grace, he could go into the ring an underdog.

Moore was announced at 166½ for his May 2 bout with Nino Valdes at Las Vegas although there were reports persistently denied, that he actually scaled only 161.

In any event, he pared off plenty at his Summit, N. J., camp with the help of a spell of hot weather.

Olson, of course, has no weight problem unless it might be the job of holding his weight against the heat. Manager Sid Flaherty wants him to come in close to 170 for this important battle.

Bobo, the balding Hawaiian who now lives in San Francisco, normally weighs about 168 for over-the-weight scraps. He has to work hard to get down to the 160-pound middleweight limit.

The fight will be nationally televised (ABC) and broadcast (ABC). Olson, 26, has won 21 straight since losing to Sugar Ray Robinson on a decision March 13, 1952.

Moore, 38, has won 20 in a row since losing to Harold Johnson Dec. 10, 1951. Archie knocked out Johnson Aug. 11, 1954 in his last defense.

Under New York rules, two judges and a referee will be named at ringside. They will score the fight by rounds with a supplementary point system.

Collum, Redlegs Defeat Giants 10-1
CINCINNATI (AP)—Little Jackie Collum Tuesday night handed the New York Giants their sixth straight defeat, 10-1, and cut down Johnny Antonelli's record of eight straight wins over the Reds in the past two seasons.

Collum gave the Reds their first run in a third inning that featured Wally Post's three-run homer. New York's only run was a pinch-hit homer scored by Ray Katt batting for John McCall in the eighth.

With two out in the third, Post socked his three-run homer over the left field wall. It was his 14th this season. Collum scored the first tally for the Reds with a single in the third and came home after Don Mueller caught Ted Kluszewski's foul.

Antonelli was replaced in the fifth by McCall who kept the Reds scoreless until the seventh when the Reds scored four more runs.

Mantle Blasts Long Homer; Yanks Win 6-2
NEW YORK (AP)—Mickey Mantle hit one of the longest home runs ever in Yankee Stadium and the Yankees put together four more runs in the fourth inning and another in the eighth to beat the Kansas City Athletics Tuesday night 6-2.

Veteran Tommy Byrne had the A's in tow with a six-hitter for his fifth victory and second straight complete game. His only weak moment came in the fourth inning, after a 47-minute delay because of rain and a 10-degree drop in temperature, when the 35-year-old southpaw was tapped for three singles and the second Kan-

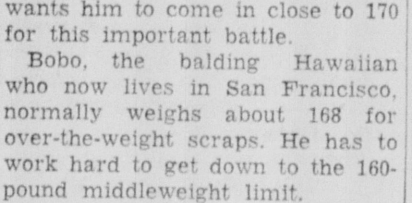

PREPARE FOR SUNDAY'S RACES

This is a preview of how the outboard speedboaters will appear next Sunday afternoon on Lake Mauvaisterre when they roar away from the starting line at 1:30 p.m. (C.D.T.).

Above is shown 13 sleek boats at the start of a "C" Service Race. These boats are powered with 22 H.P. Motors and speed ranges from 45 to 55 M.P.H.

White Sox Keep Pace With Yanks; Score 6-1 Win Over Senators

WASHINGTON (AP)—Virgil Trucks captured his sixth straight victory and his eighth of the season Tuesday night as the Chicago White Sox defeated Washington 6-1. Trucks restricted the Senators to six hits, struck out six and walked two.

Trucks ran a string of scoreless innings to 24 before Roy Sievers slammed a home run with two out in the seventh inning.

Bob Porterfield, who lost his fourth straight decision, was clipped for two runs in the third inning when Minnie Minoso singled with the bases loaded.

The Senators' righthander was the victim of shoddy fielding when the White Sox scored three unearned runs in the eighth. The Nats committed four errors in the inning.

The Sox added a run off Bob Chakales in the ninth.

Redlegs Defeat Mrs. Tucker's 7-0 On No-Hitter
Richie Dixon and Jack McNeely combined to hurl the first no-hitter of the season at the Nichols Park diamond last night as they hurled the 'State Home Redlegs to a 7-0 win over Mrs. Tucker's in A-league action.

Dixon hurled the first two innings and McNeely came in in the third to go the rest of the way.

Farrell Mitchell and Howie DeGroot hit home runs to pace the batting attack for the winners.

Only four men got on base off the Redlegs' pitching. There were two walks, one hit batter and one error.

Qualifying Ends Sunday In Park Open Golf

This will be the final week for qualifying in this year's Nichols Park Open Golf Tournament according to word received from Wood Phillips, park pro. Qualifying for this annual event began June 16 and will continue daily until Sunday, June 26.

Immediately following the end of the qualifying period play will begin. At least three flights will be formed with the possibility of a fourth if it is needed.

Last year, James Buckley won the championship flight with a victory over Floyd Craft. These two local golfers become automatic qualifiers for this year's tourney.

Chick Reynolds won the first flight in last year's meet while Paul Chumley was the winner in the second flight.

The entry fee is the same as last year.

Williams' Homer Gives Sox 5-4 Edge Of Tigers
BOSTON (AP)—Ted Williams' towering 390-foot home run into the right field seats with two on in the eighth inning Tuesday night brought the Boston Red Sox a 5-4 victory over the Detroit Tigers.

Williams lined loser Ned Garver's 3-0 pitch perfectly for a tremendously high fly after singles by pinchhitter Gene Stephens and Billy Goodman. The ball landed in the stands next to the Boston bullpen runway for Ted's ninth of the season and 375th in his major league career. The blow enabled Boston to post its 12th triumph in its last 14 games.

Ellis Kinder, third Sox hurler, came on in the ninth to preserve reliever Tom Hurd's victory.

Garver, who had yielded only three harmless hits in the first six frames, weakened in the seventh as the Sox loaded the bases with none out. Grady Hatton's two run single put Boston in front 2-1 but only temporarily.

In the 16-18 division R. Kessinger defeated B. McAllister 6-1, 7-5 to earn the right to meet H. Johnson in tonight's semifinals. The winner of this match meets L. Knight in the finals tomorrow. Tonight's matches start at 6:00.

Open Champion Fleck Returns To Davenport
DAVENPORT, Iowa (AP)—"I thank God for His help—He gave me unbelievable power," the new National Open golf champion, Jack Fleck, told a homecoming crowd Tuesday.

The 32-year-old municipal course pro choked up and wept bitterly as he greeted his friends and neighbors. He flew here from San Francisco where he defeated Ben Hogan for the No. 1 title in U. S. golf in Sunday's playoff.

"I realize just as Ben Hogan said—that I am still a freshman in the tournament golf," Fleck said. "But I feel I have found something in the game. It came all at once, with God's help."

Fleck's pretty wife, Lynn, and their son Craig Wood, 4, were with him as he stepped off the plane to which he transferred from an airliner at Chicago.

A huge sign on the Davenport Municipal Airport hangar said, "Congratulations, we're proud of you, Jack." Beneath it was a 20-foot reproduction of Fleck's putter.

Fleck's putting was sensational when he shot a 67 Saturday to tie Hogan at 287 at the end of the open's regulation 72 holes. His putter was still hot when he carded a 69—three strokes under Hogan—in Sunday's playoff.

Fleck pushed through the crowd to where his father, Louis Fleck, a 67-year-old retired salesman, was sitting. He embraced his father and brushed tears from his eyes.

A civic banquet, at which admiring townfolk will present Fleck with a new car, has been set for June 29.

Soon after that, Fleck said, he will return to the summer golf circuit. In the meantime, he will decide on an estimated \$75,000 worth of assorted offers he has received since winning the championship.

FAN BREEZES
BY BILL MERRIS
IC's hope for a winning football season in '55 was dealt a severe blow yesterday when it was announced that four of last season's starting eleven are ineligible. The four starters going on the ineligible list following the completion of this past quarter's work are Don Hazelrigg, Jim Phalen, Gene Farmer and Bob Scott.

Another grid performer, Gene Duckwiler, went ineligible as did basketball player Todd Renfro. It was also announced Bob Stansfield remains ineligible.

Hurler Knocks In Two Tallies In Big Five-Run 11th To Lead Attack

CHICAGO (AP)—Don Newcombe slammed a two-run double in a five-run Brooklyn 11th inning to give the first-place Dodgers a 7-2 victory over the second-place Chicago Cubs and notch his 12th triumph against one defeat Tuesday. Ernie Banks' No. 15 Cub homer had tied it at 2-2 in the seventh.

The towering Dodger pitcher scattered six hits and struck out nine. He pitched hitless ball after Banks' homer.

The decisive Dodger run, breaking a 2-2 tie, came in the 11th on Roy Campanella's leadoff double, his fourth hit of the game watched by 22,886, and Sandy Amoros' single.

Then the roof fell in on Warren Hacker and the Cubs.

The defeat, which left the Bruins 12 games behind the Dodgers, was charged to Hacker, his fifth against seven victories.

Baker, the Cubs' star shortstop also scored their first run. He led off Chicago's half of the fifth inning with a triple and scored on Dee Fondy's single.

Hacker quit in the 11th after the Dodgers had moved ahead 3-2 as Don Hoak, running for Campanella, scampered across on Amoros' single to right.

Newcombe greeted reliever Hal Jeffcoat with his two-run double. After that, an error and a wild pitch scored Newcombe, and Duke Snider's single drove across the fifth run of the inning.

Snider's blow was off the third Cub pitcher, Jim Davis.

New York Bond Market

NEW YORK (AP)—Convertible debentures moved higher Tuesday in a steady corporate bond market. U. S. government bonds lost some ground.

Beyond the demand for the type of bonds which can be converted into common stock, there was little pattern to the corporate trading.

Transactions on the "Big Board" amounted to \$4,810,000 par value, compared with \$4,004,000 Monday.

New York Stock Market

NEW YORK (AP)—The stock market climbed to new heights Tuesday under the stimulus of persistent demand for investment quality shares.

Gains extended to more than \$3 with point increases frequent. Losses were mostly minor fractions. Volume rose to 2,720,000 shares from 2,490,000 shares Monday.

Leading the advance were the motors, rubbers, machine tool makers, mail order houses, steels, farm equipments, oils and airlines. Chemicals, utilities, motion pictures, radio-televisions, distillers and railroads were narrowly mixed. Aircrafts and copper mining issues tended to ease.

The Associated Press average of 60 stocks rose 40 cents at \$171.60, a record high. The industrial component also reached a new peak with a \$1.10 gain at \$235.80. The railroad group ended unchanged at \$136.50 while utilities lost 10 cents at \$73.40.

The market opened mixed in light trading. Prices improved gradually in cautious dealings most of the morning. Then approaching mid-day, volume increased and many gains widened. Trading continued brisk throughout the afternoon and prices closed near their best levels of the session.

American Stock Exchange issues climbed irregularly. Volume amounted to 1,100,000 shares—the same as Monday.

Wheat Swings Up OnBoard Of Trade

By LAWRENCE ELDRED

CHICAGO (AP)—A theory that wheat futures may have been over-sold to handle any reaction to Saturday's forthcoming referendum on 1956 wheat marketing quotas gained support on the Board of Trade Tuesday.

Consequently, after initial eases, the wheat market turned higher and gained strength as it went along except for the most distant deliveries. These held about steady.

Corn and soybeans also were in better demand and added up to a cent. Oats and rye were largely steady on good crop news. And lard lagged.

At the finish wheat was unchanged to 1/4 cents higher, corn 1/4 to 1 cent up, oats were 1/4 lower to 1/2 higher, and rye was unchanged to 1/2 higher. Soybeans advanced 1/4 to 1 cent and lard slipped 2 to 15 cents.

The Weather Bureau's weekly crop bulletin noted wheat combining had reached as far north as the Kansas River in the southwestern winter wheat area. Harvesting was expected to start this week in Nebraska.

Small grains harvesting also was proceeding to the east of the main growing belt, the bureau said. It is practically done in the Gulf States, 7 per cent done in wheat in Missouri and going rapidly in Tennessee.

Now that the weather has turned clear and warm in the corn belt, the bureau said development is favored. Most fields east of the Mississippi are weedy, the bureau added, because of the previous wet weather.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Less interest from Eastern order buyers Tuesday weakened prices on the lightweight hogs they favor. That portion of the market was mostly steady to 50 cents lower.

Other sections were steady to strong and the top edged up early to a new high mark since Aug. 26. Sows were strong to 50 cents better.

Shippers took but 1,700 of the 9,000 hogs on sale. Most barrows and gilts brought \$19.00 to \$22.50 with one deck going to \$22.75. Sows were favored at \$14.50 to \$18.50 with lights up to \$19.00.

Cattle were irregular, from 25 cents lower to 25 higher, and vealers were steady to strong. Good to prime steers brought \$18.25 to \$23.75 mostly one prime load reaching \$24.50. Good to prime heifers and mixed yearlings were \$19.00 to \$23.25.

Vealers grading mostly good and choice were \$23.00 and under. Sheep appeared steady throughout. A few prime spring lambs were taken at \$25.75 but most fell into a bracket of \$22.00 to \$25.50. A double deck of good and choice shorns rated \$19.50 but ewes could do no better than \$5.50.

Engineers Say River Pipe Line Completion Expected By July 15-20

Barring unforeseen conditions, Jacksonville's 23 mile pipe line to the Illinois river will be installed and ready for testing between July 15 and 20, the city council was informed Monday night by Casler & Stapleton, consulting engineers. The big \$2,500,000 line has been under construction since last September.

Winchester Man, Rudy Boes, Dies, Service Thursday

Rudy Boes, 66 year old Scott county resident died at 7:25 Tuesday morning at the Passavant hospital which he entered the preceding Monday. Mr. Boes had been in failing health for years.

He is survived by his wife, the former Bertha Wilson and the following children, five sons, John, James, Harold, Gerald and Eugene, all of Winchester, and four daughters, Mrs. Ross Anderson of Jacksonville; Mrs. Bob Stice of Alton; Mrs. John Cloninger of Winchester and Doris at home. There are several grandchildren.

The body was taken to the Danner funeral home in Winchester where the family will meet Wednesday night. Funeral services will be held at 3 p.m. daylight time Thursday afternoon at the First Baptist church in Winchester with burial to be made in the Winchester cemetery.

Isabelle Fox, Chapin, Former Teacher, Dies

Miss Isabelle Fox, long time resident of Chapin who taught music in the public schools in this vicinity, died at 11:30 Monday night at St. Anthony's hospital in Rockford. Miss Fox had been in failing health for the past three years and during that time had made her home with her aunt in Rockford.

She was born at Chapin, the daughter of the late James L. and Laura Burnham Fox. She received her education in Jacksonville and studied music at the Illinois Conservatory of Music under Professors Kitch and Munger, later teaching music in the public schools. She is survived by one sister, Lucille, wife of Harris Robertson of Galva, Ill.

Miss Fox taught in the Rockwood, Barry, Virginia and Vienna schools.

The deceased was a member of the Chapin Methodist church.

The body was taken to the Williamson funeral home where services will be held at 3 p.m. Thursday daylight time with burial to be made in the Chapin cemetery. The family will meet friends at the funeral home from 8 to 10 p.m. daylight time Wednesday.

Conduct Detmer Services Tuesday

Funeral services for Mrs. Dollie Detmer were held at 3 p. m. Tuesday at the Chapin Christian church with the Rev. Fred Wilson officiating.

Mrs. Marietta Goffinett and Mrs. Anna Delph sang a duet and were accompanied on the organ by Mrs. Ruth Hutches.

The flowers were cared for by Miss Ethel Austin, Mrs. Ruth Callaway, Mrs. Luther Brookhouse, Mrs. Earl Smith and Mrs. Astor Watts.

The pallbearers were Earl Smith, William Fisher, Joe Baker, Astor Watts, Fred Tiegan and Harry Waters.

Interment was made in the Chapin cemetery.

Set Inquest For Crash Victims

BEARDSTOWN — Coroner Joe Lintner will conduct an inquest Wednesday night in connection with the deaths of Thomas Cave, Barbara Calder and Sidney Hiles, who were killed Saturday, June 11, when two automobiles crashed head-on on Route 67 near this city.

Inquest was delayed until two survivors of the crash could give statements.

The inquest will be held at the city hall at 7:30 o'clock Wednesday night. Lintner will be assisted by Paul Harrison, assistant coroner.

Women Patients At Hospital Visited By Auxiliaries

In commemoration of Flag day, members of the Jacksonville Veterans Auxiliaries visited women patients at the Jacksonville State Hospital who were mothers or sisters or who have had husbands or sons in the armed forces. These women are patients from the west main wards.

The host auxiliaries and the members in charge of the program were: American Veterans, Mrs. Robert Hoffman, Mrs. Vernel Bryant, Mrs. Mervin Poole, Mrs. Raymond Hart, and War Dads Auxiliary, Mrs. Ray Newbery, Mrs. John Bland, Mrs. Thomas Ruby and Mrs. Nelle Wandell.

With Mrs. Newbery acting as president the colors were advanced by Mrs. Hoffman. Prayer was given by Mrs. Hart. Mrs. Bryant served as acting secretary. Greetings were extended to the group by representatives from all four auxiliaries. Plans were made to organize a Service Men's Auxiliary unit with monthly meetings. After singing several songs and retiring the flag the meeting was adjourned. More singing and visiting continued the evening activities. Refreshments were served by the host auxiliaries.

Other auxiliaries and their members who were present were: American Legion, Mrs. Lloyd Slagle, Miss Estelene Scribner, Mrs. Margaret Perry and from the V.F.W., Mrs. Rachel Massey and Mrs. Virginia Sims.

This is the second of three such visits to be organized at the hospital. The ladies and their auxiliaries are to be commended for their interest in those who are in our hospital. The friendly visiting and interest shown by these ladies is of the greatest therapeutic value, and sincerely expresses the purposes for which these auxiliaries were organized.

There are many needs for friendly visiting in the Jacksonville State Hospital. Contact the Supervisor of Volunteer Services, Mrs. Mary A. Zachary for more information.

Report Seelba's Cabinet To Resign Today In Italy

ROME (AP)—Government quarters said Tuesday night that Premier Mario Scelba probably will submit the resignation of his 15-month-old coalition Cabinet Wednesday.

The Cabinet has been called to meet Wednesday to consider the situation caused by a split among the Premier's Christian Democrats and the failure of the small Republican party in the coalition to promise support on a vote of confidence scheduled to come up Thursday.

Monday Scelba attempted to heal the breach in his own party and strengthen his alliance with the minor parties of the government by reshuffling his Cabinet. The Christian Democrats' Board of Directors admitted Tuesday night that this had been a failure.

A second son was born at 7 a.m. Tuesday morning at the base hospital of the Hunter Air Force base in Savannah, Georgia, to Lt. and Mrs. Darrell Ehler. The infant weighed seven pounds. Mrs. Ehler is the former Ann Goin of Jacksonville, daughter of Mrs. Frank Goin of this city who left immediately for Savannah to visit the family. Lt. Ehler is the son of Mr. and Mrs. Darrell Ehler, Sr., former residents now living in Chicago.

A daughter was born to Mr. and Mrs. Raymond Herring of Winchester at 10:25 a.m. Saturday at Passavant hospital. The girl weighed 7 pounds and 13 ounces.

BUT IT DIDN'T CARE A TOOT
GLEN BURNIE, Md. (AP)—Otis Morley told Tuesday how his power mower got away from him and went chugging across a highway.

Morley said a motorist, who narrowly missed the machine, reacted in the characteristic manner of angry drivers everywhere.

He honked at it.

454 High School Girls Arrive For 9 Days Of Girls State Activity

Illini Girls State delegates—454 high school seniors from all parts of Illinois—poured into Jacksonville Tuesday to set up a mock "state" on the MacMurray College campus and run it for nine days.

Buses had delivered all the girls to Main Hall by 2:30 Tuesday afternoon. After registration and a regular physical examination, the delegates were assigned to one of two political parties—Nationalist or Federalist—and to one of 24 mythical "cities" within Girls State.

Each girl's first duty is a post-addressed card was a ticket to dinner last night in MacMurray's McClelland dining hall.

Generally Warm Weather Greets Summer's Arrival

By THE ASSOCIATED PRESS
Generally warm weather across most of the nation awaited summer's official arrival at 10:32 p.m. CST Tuesday.

Midday temperatures were only in the 50s or 60s along the Pacific coast line, but eastward to the Atlantic mild readings were the rule.

Afternoon temperatures were in the mid and upper 80s in the central and northern Plateau Region. California had readings in the 80s and 90s.

Temperatures in the 80s were common east of the Continental Divide.

Silver is 10.5 times as heavy as water.

Winchester School Unit 1 Gains 4 New Teachers

WINCHESTER — Miss Lucille Hendershott has accepted a contract to supervise music in Community Unit 1, and also to teach vocal music in the Winchester community high school.

Miss Vivian J. Pond of Jacksonville has been employed as sixth grade teacher in the Winchester elementary school. A graduate of Illinois College Miss Pond has been teaching in Chapin the past two years.

Albert Liehr has been offered a contract to teach vocational agriculture in the Winchester high school. Mr. Liehr has been teaching in Ohio, Ill.

Mrs. Geraldine Taylor Schafer of Alsey has been given a contract to serve as secretary to the Alsey and Manchester elementary schools.

Miss Frances Smith of Chapin will teach again at the Merritt school.

Miss Mary Hoy, a graduate of the Winchester high school in May, will serve as secretary at the Winchester elementary school, replacing Mrs. Eddie Haggard, who has resigned.

Forum Meeting
The members of Research Forum No. 24 were entertained at dinner Monday evening at the home of Mr. and Mrs. I. L. Kimmel. Following the dinner a short business session was held after which President Kimmel introduced Harvey Vortman of Bluffs, who presented the paper, "Fascinating Facts from a Bee's Busy Life."

The writer stated that he had in the past received pleasure and experience in the care of bees and gave an account of the origin and life of the bee.

Mr. Vortman stated that there are almost 5,000 species of bees, the honey bee being the most intelligent, the most interesting and the most useful. It is the only insect that makes food for man.

The paper told of the queen bee, the workers, drones, their part in the activities of the hives, the care of the young. Mr. Vortman concluded that if citizens who are becoming more and more dependent would be half as industrious and loyal to their country, it would mean a greater savings to our government in the future than any Hoover study.

Reading Contest
Mrs. Caroline Markkille, Librarian, has announced that the Winchester Public Library is conducting an Aeroplane Flight Contest in reading for boys and girls from 8 to 13 years of age. Fifty official "Flight Log Cards" are available for the first 50 children to come to the library to sign a card for the flight. Children are being encouraged by their teachers to read during the vacation period and this project by the Library is being carried on to encourage them in this.

Personals
Mr. and Mrs. Charles Marshall who have been making their home in Colorado Springs while Mr. Marshall was stationed with the Army there were here Sunday with his parents, Mr. and Mrs. C. E. Marshall. They left Monday for Ft. Benning, Ga., where he will be for further training. Mr. and Mrs. Eddie Graybael of Champaign were also here to visit with her brother.

Mrs. Lloyd Martin is a patient at Passavant hospital in Jacksonville for observation and treatment.

EAST GERMAN ENGINEER FLEES TO WEST BERLIN
BERLIN (AP)—The chief civilian construction engineer for Communist East Germany's militarized barracks police fled to West Berlin Tuesday, the League of Free Jurists reported.

He was identified as Heinz Richter, 42. The league, an organization of anti-Communist lawyers and judges, said Richter fled because the Communists wanted him to become an officer in the barracks police.

Mrs. Jessie Mikesell, Hospital Postmistress, Injured; Three Killed

Mrs. Jessie O. Mikesell, 47, postmistress at the Jacksonville State hospital, was critically injured, and three other women in her car were killed early Tuesday morning in a highway crash at Wamego, Kansas, 37 miles northwest of Topeka.

The dead are:
Mrs. Florence Bump, 72, Mt. Sterling, Ill., mother of Mrs. Mikesell.

Mrs. Genevieve Davies, Quincy, sister of Mrs. Mikesell.
Mrs. Florence Aber, Hersman, Ill.

Identification of the dead was announced at noon Tuesday by Major L. S. Vincent of the Kansas state highway patrol, after officers were able to talk to Mrs. Mikesell, only survivor in the automobile.

En Route To Colorado
Mrs. Mikesell, whose home is at 122 East Michigan avenue, left two days ago for a vacation in company with her mother, sister, and the Hersman woman. It is understood they were en route to Colorado to visit E. L. Perry, a relative.

The tragedy occurred at 5:20 a.m. at the intersection of Kansas State Route 99 and U. S. Highway 24. The Associated Press at Topeka reported that Mrs. Mikesell slowed her car when approaching a street sweeper which displayed a red light. A large transport truck loaded with livestock, driven by Jess Siebecker of Riley, Kansas, crashed into the rear of the Mikesell car.

In Wamego Hospital
Mrs. Mikesell was rushed to the Genns hospital in Wamego, Kansas, where her condition at 6 p.m. Tuesday was said to be critical.

The bodies of the other three occupants of the car were taken to the Stewart Funeral Home in Wamego. They will be sent to Mt. Sterling.

One of the first officers to reach the scene of the accident was State Patrolman Charles Hall. He said Mrs. Mikesell was suffering greatly from shock.

Identification of the bodies was not established until about five hours after the wreck, when Mrs. Mikesell was able to talk with officers.

Siebecker, driver of the truck, had been notified to appear in the Wamego court Wednesday. No charges have been filed.

The coroner said Mrs. Mikesell's brother, D. L. Perry, was en route to Wamego to aid in the identifications and claim the bodies.

Committee Votes Five Year Cut In Doctor Draft Age
By EDWIN B. HAAKINSON
WASHINGTON (AP)—A Senate house conference committee agreed Tuesday to cut five years off the maximum age for inducting doctors and dentists under new draft legislation.

Doctors and dentists now can be taken into the armed services through age 50. The conferees agreed to make it through age 45 in a bill to extend the doctors' draft another two years.

The agreement broke a congressional deadlock over extension authority on a bill to extend both the special doctors draft and the regular draft of young men 18 to 26.

Both the House and Senate previously had approved the four-year extension of the regular draft, which expires June 30.

But the House Rules Committee, under heavy pressure from medical and dental leaders, had blocked House action on a two-year extension of the authority to draft medical men, which also expires at the end of the month.

The Senate forced the issue by combining both draft extensions in one bill after Pentagon leaders said they must have authority to obtain more than 7,000 physicians and 4,000 dentists needed during the next two years.

Charges Jammed Court Dockets Hamper Justice

ATLANTA, Ga. (AP)—Justice is being hampered by heavy court dockets that are causing long delays in trials all over the nation, U. S. Deputy Atty. Gen. William P. Rogers declared Tuesday.

Addressing the 35th annual convention of the U. S. Junior Chamber of Commerce, Rogers said in many places two, three and even four years are required to get a case tried. He blamed the delays on "lack of public attention."

Rogers invited the Jaycees to assist the Department of Justice in a program to reduce the backlog of cases.

The Jaycees and their wives—numbering altogether between 8,000 and 9,000—are having their biggest convention in history.

State caucuses, including one by Illinois' delegates, began as political maneuvering for the top offices moved into higher gear. The four candidates for president are Van Richardson, Greenwood, Miss.; Edwin H. May Jr., Hartford, Conn.; Howard E. Norris, Madison, Wism; and Hugh McKenna, Lincoln, Neb.

Lamar Buckner of Ogden, Utah, is now president.

TO ENTER HOSPITAL
Mrs. Ethel Heneghan, 1320 West State street, will enter Passavant Area hospital for surgery.

Says Red Navies Threat To Allies

LOS ANGELES (AP)—Growing Communist navies are challenging allied supremacy in Pacific waters, Adm. Robert B. Carney, chief of naval operations, declared Tuesday.

The Soviet fleet shaping up in the Western Pacific and the Baren's Sea is "venturing forth ever farther and farther from its own shores," said Carney. And he pointed out that an embryo navy is forming under the flag of Red China.

"We must be alert to the fact that allied supremacy is again being challenged in the Pacific," Carney told the Los Angeles Advertising 4 Club in a luncheon speech.
